Background

With a working background in sales but a big passion for technology and programming, in 2017 I decided to follow my passion and dedicate my full time to study Full Stack Development. Back then, I was very familiar with technology (using MS-DOS as a kid) but haven't written much code, only code for game mods. Now I can say I learned a lot about JavaScript, ES6, React, Git, MongoDB, Node and Express. I have acquired skills to develop Websites and Webapps using web technologies, create DBs and work with REST APIs and GraphQL.

Skills

Full Stack Web / Software development: HTML5, CSS3, JavaScript, ES6, React, Redux, Gatsby, Node.js, GraphQL, REST, SASS, and Testing (Jest).

- Responsive Design: Responsive Images, Media Queries, Flexbox, CSS Grid;
- Frameworks: Bootstrap, Apollo, Mongoose, and Express.js;
- NoSQL Databases: MongoDB, Firestore.

Others:

- Build Tools: Gulp, Webpack;
- Version Control: Git, Github Flow;
- Website performance: DOM manipulation, image techniques, etc;
- Design: Figma, Gimp, Inkscape, Blender, Photoshop;
- Office Apps: Microsoft Office, Google Apps.

Experience

Trader / Self-employed

Jan 2016 - Dec 2017, São Paulo

Worked as a stock trader learning and trading every day. I started with stock options and later decided to learn more about digital coins. Then I worked as a trader by trading Bitcoins and Litecoins.

Hardware Seller / Self-employed

Jan 2013 - Dec 2015, São Paulo

With my knowledge of hardware and computers in general, I decided to work for myself as a seller using the internet. Sold computer parts with a good focus on delivering the best products for my clients.

Sales Specialist / IBM

Feb 2009 - Jun 2011, São Paulo

Design and sales of IBM solutions to fulfill client's needs. System X servers, storage, maintenance, and IBM's software. An end-to-end process from understanding the client's needs to the final implementation of the project. Working with telephone, email, and web contacts with Brazilian and international clients.

Sales Support / IBM

Sep 2007 - Feb 2009, São Paulo

I have given sales support to sellers and clients through proposal elaborations, document verification, logistics, and more. End-to-end sales process.

Education

Front-End Web Developer / Udacity Nanodegree

2018, Online

The course was focused on building the student skills in Responsive design, HTML, CSS, JavaScript, jQuery and GitHub.

Finance Associate Degree / Universidade Anhembi Morumbi

2016, São Paulo

Finance and financial management services

In its routine, the Technologist in Financial Management applies methods, techniques and economic-financial concepts in the decision-making processes, always starting from economic feasibility studies, with the objective of optimizing investments and fundraising.
